Superb Regular Stocks the Foundation of This Great Branch of Our Business.

Our special sales of Hosiery—events like the semi-annual sales of samples or less important sales involving smaller quantities—are merely incidental. We doubt if they contribute very much to the prestige this Macy Hosiery store enjoys. Its REAL PRESTIGE comes from its regular stocks—the unmatched selection these stocks afford every week in the year. The variety, the dependable quality of the Hosiery and Macy prices combine to make this the foremost retail Hosiery business in New York.

"Irontex"---New in Our Hosiery Stocks.

"Irontex" Hosiery, for men and children, is a new Hosiery—one we are just introducing and one that is characterized by wonderful durability. But great durability alone is not its sole merit. Of equal importance is its very fine, soft texture, due to the selected yarns employed in the making. The body of an "Irontex" Stocking is made of choicest Egyptian cotton yarn. The toe, heel and sole are made wear-resisting by an interweaving of best quality Belfast linen.

Other sorts of stockings for which great durability is claimed are coarse, shapeless cotton Stockings. They cost more than "Irontex." "Irontex," 24c a Pair.
